ABOUT THE CLUB

The Cyber Security Club is a student-driven initiative at Dr. B. R. Ambedkar National Institute of Technology, Jalandhar, dedicated to promoting cybersecurity awareness and responsible digital practices. The club's primary mission is to educate students about cyber safety, digital threats, and secure use of technology through workshops, awareness sessions, competitions, and interactive events. These initiatives not only enhance technical understanding but also encourage responsible online behavior among students. Through its activities, the Cyber Security Club aims to create a digitally aware campus environment where students can learn, collaborate, and contribute towards building a safer and more secure digital community.

ABOUT NITJ

Dr B. R. Ambedkar National Institute of Technology (NIT Jalandhar), established in 1987 as a Regional Engineering College, has evolved into a premier technical institution in India. It became a National Institute of Technology (NIT) in 2002, expanding its academic programs and enhancing research capabilities. NIT Jalandhar is accredited by the National Board of Accreditation (NBA) and is recognized for its strong placement record, with numerous leading companies recruiting graduates each year. The institute fosters a culture of innovation and entrepreneurship while promoting holistic development through extracurricular activities and industry exposure.
