ABOUT CLUB

The Cyber Security Club is a student-driven initiative at Dr. B. R. Ambedkar National Institute of Technology, Jalandhar, dedicated to promoting cybersecurity awareness and responsible digital practices.

The club's primary mission is to educate students about cyber safety, digital threats, and secure use of technology through workshops, awareness sessions, competitions, and interactive events. These initiatives not only enhance technical understanding but also encourage responsible online behavior among students.

Through its activities, the Cyber Security Club aims to create a digitally aware campus environment where students can learn, collaborate, and contribute towards building a safer and more secure digital community.

CYBER SECURITY CLUB

ABOUT NITJ

Dr B. R. Ambedkar National Institute of Technology (NIT Jalandhar), established in 1987 as a Regional Engineering College, has evolved into a premier technical institution in India. It became a National Institute of Technology (NIT) in 2002, expanding its academic programs and enhancing research capabilities. NIT Jalandhar is accredited by the National Board of Accreditation (NBA) and is recognized for its strong placement record, with numerous leading companies recruiting graduates each year. The institute fosters a culture of innovation and entrepreneurship while promoting holistic development through extracurricular activities and industry exposure.

OUR EVENTS

CYBER SECURITY CLUB

WHY SPONSOR US?

Partnering with the Cyber Security Club, NIT Jalandhar offers organizations a unique opportunity to engage with a highly skilled community of cybersecurity enthusiasts, innovators, and emerging technology leaders. Our hackathon brings together talented participants from across India, creating a dynamic platform for innovation, technical excellence, and real-world problem-solving. Through sponsorship, your organization can gain strategic brand visibility, meaningful engagement with top technical talent, digital outreach across multiple platforms, and valuable networking opportunities, while being recognized as a supporter of cybersecurity innovation and the next generation of technology professionals.

SPONSORSHIP OBJECTIVES

Sponsoring our event offers:

- Access to Top-Tier Cybersecurity Talent
- Engagement with a Highly Technical Audience
- Exclusive Internship & Recruitment Opportunities
- Multi-Platform Brand Visibility (Instagram, LinkedIn & WhatsApp)
- Direct Brand Interaction with Hackathon Participants
- Networking Opportunities with Emerging Tech Talent

CYBER SECURITY CLUB

NATIONAL LEVEL CYBERSECURITY HACKATHON – 2026

Expected Participation: 500+ Students (Online + Offline)
Teams from IITs, NITs & Leading Universities across India

Hackathon Focus Areas:

- Cybersecurity & Ethical Hacking
- AI/ML for Cybersecurity
- Blockchain & Secure Systems
- Digital Forensics & Threat Intelligence
- Network & Application Security

What is a Cybersecurity Hackathon?

A Cybersecurity Hackathon is an intensive, innovation-driven event where participants collaborate to develop practical solutions to real-world cybersecurity challenges within a limited timeframe. It brings together technical expertise, creativity, teamwork, and problem-solving to build secure, scalable, and impactful solutions.

CYBER SECURITY CLUB

BRAND VISIBILITY PLAN

Your Brand Will Be Featured On:

- Event Banners & Standees
- Certificates & Prize Cheques
- Official Event Website
- Instagram Reels & Posts
- LinkedIn & Digital Promotions
- Email Outreach & WhatsApp Communities
- Hackathon Branding & Participant Kits

Clear. Visible. Measurable.

With an expected participation of 500+ students and teams from across India, sponsors receive:

- Targeted brand exposure among technical talent
- Direct engagement with cybersecurity enthusiasts
- Multi-platform digital visibility
- Networking with emerging technology professionals
- Strong association with cybersecurity innovation

The National Cybersecurity Hackathon 2026 will provide sponsors with a focused platform to connect with talented students, showcase their brand, and support the next generation of cybersecurity innovators.
